 4. 55 Gal. Lined  
 Closed Head Drum - - - - - 55.00

## PNEUMATIC CAPPER

Put caps on your plastic jugs or glass bottles with ease. This air capper has an adjustable flow control valve for uniform tightening. Compressed air or an air tank necessary. The capper hangs from a support balancer with 5' of coiled hose for tangle-free operation. - - - - - \$229.00

## SMALL BOTTLE FILLER

This vacuum filler is the fast and easy way to fill those small containers. Your clean, heated syrup is drawn from below the filler level by vacuum to automatically fill your container to the proper level with no overflow. Simply release the handle when full and you're ready for the next! No messy overfills. No time-consuming clean-up. Less loss.  
 Vacuum Filler - - - - - \$900.00

## BOTTLE WASHER

This may be the greatest tool you'll find for your sugar bush this year! Simple, easy to use and inexpensive. Sprayer attaches to your hose or faucet ( garden hose thread). Valve is activated when you insert it into your bottle neck. Forceful spray flushes any dust or debris down and out! A must-have for etched bottles.  
 Bottle Washer - - - - - \$13.95  
 Faucet Adapter - - - - - 4.20
