## PNEUMATIC CAPPER

Put caps on your plastic jugs or glass bottles  
with ease. This air capper has an adjustable  
flow control valve for uniform tightening.  
Compressed air or an air tank necessary.  
The capper hangs from a support balancer  
with 5' of coiled hose for tangle-free operation.  
40-0600 ----- \$229.00

## SMALL BOTTLE FILLER

This vacuum filler is the fast and easy  
way to fill those small containers. Your  
clean, heated syrup is drawn from below  
the filler level by vacuum to automatical-  
ly fill your container to the proper level  
with no overflow. Simply release the  
handle when full and you're ready for  
the next! No messy overfills. No time-  
consuming clean-up. Less loss.  
41-0001 Vacuum Filler ----- \$900.00

## BOTTLE WASHER

This may be the greatest tool you'll find for your sugar  
bush this year! Simple, easy to use and inexpensive.  
Sprayer attaches to your hose or faucet (garden hose  
thread). Valve is activated when you insert it into your  
bottle neck. Forceful spray flushes any dust or debris  
down and out! A must-have for etched bottles.  
62-4000-L Bottle Washer -----\$13.95  
62-4000-S Faucet Adapter -----4.20
